**Work where others spend
their leisure time**

Technopark Zurich is located in the heart of the lively Zurich-West district and can be reached quickly and easily by public transport. The central train station and the international airport are only a short ride away. People working here benefit from a wide range of sports and recreational facilities and there is a vibrant restaurant and pub scene right on the doorstep.

6/7

**Rooms that grow with
your ideas**

Office space starts at 20 m² and can be flexibly adapted year by year. This allows start-ups based at Technopark Zurich to grow gradually without changing their business address. Round-the-clock housekeeping services, underground parking, a restaurant and many other benefits, including free meeting rooms, are a matter of course and make Technopark Zurich the perfect place to work.

8/9

**A special type of
conference centre**

With its 15 event rooms – from small meeting rooms to an auditorium with 500 seats – Technopark Zurich is unique in the region and in great demand as an event location. Businesses based here also benefit from high public visibility generated by a large number of organized events. In turn, event organizers appreciate the infrastructure and the campus-like atmosphere that results from the lively interaction of people based here.

10/11

**Open doors for
start-ups**

At Technopark Zurich, no one is on their own. The unifying element is an ecosystem that promotes growth, fosters networks, encourages cooperation, and bundles all the relevant skills together. A committee of specialists is available to support resident businesses when needed. Media presence and visibility are actively promoted, and the numerous awards received by Technopark Zurich companies speak for its ongoing success.

SPACE FOR NEW IDEAS

Technopark Zurich has been the epicentre of the Swiss start-up scene for around three decades. Nowhere else in this country are so many founders gathered under one roof. Even more impressive than its sheer size is the established network from which the leased-in companies benefit. Networking platforms provide access to entrepreneur clubs, business angels and venture capitalists. In addition, a symbiotic relationship characterises relations with universities and national research institutions.

Technopark Zurich is also one of the best-used venues in Switzerland and offers the perfect setting for events with up to 500 guests. Synergies between resident businesses, event organizers and visitors are part of its DNA.

RIGHT IN THE MIDDLE OF THE ACTION

"As an ETH spin-off, it was energizing to leave the academic setting for such a professional and dynamic environment. Proximity to the train station, public transport connections and parking facilities are really appreciated by our employees and guests. Not to mention that Technopark Zurich is in the vicinity of Kreis 5 where there are a lot of nice restaurants to celebrate all our achievements."

Meriam Kabbaj
Co-Founder and COO
Versantis

2,700 JOBS IN ONE PRIME LOCATION

Technopark Zurich is home to over 260 innovative start-ups and technology companies with more than 2,700 employees. The people based here praise its central location in Switzerland's largest city and accessibility thanks to a tram stop directly in front of the building and Zurich Hardbrücke train station within walking distance.

SPACE PROVIDER AND TRAILBLAZER

Technopark Zurich is also one of the largest event locations in Switzerland, with 15 rentable rooms, an auditorium for 500 people, its own underground parking garage, and hotels in the immediate vicinity. Each year, 150,000 guests pass through its doors.

Perhaps the biggest plus for Technopark Zurich – from the point of view of those working here – is its central location in Zurich's vibrant Kreis 5 district. During lunchtime in summer, the promenade beside the river Limmat is a great place to jog, followed by a refreshing swim. All year round, the area comes alive after work with countless bars, restaurants, cinemas and theatres within a few hundred metres of the office.

The premises at Technoparkstrasse 1 in Zurich West is owned by shareholders Swiss Life and Zürcher Kantonalbank, while Technopark Zurich is run by a privately financed foundation. The foundation's aim is to promote young companies and the transition of new technologies from an initial idea to market maturity.

A COMMUNITY OF INNOVATIVE MINDS

"Technopark Zurich offers a stimulating ecosystem. The mix of start-up spirit, event guests, service providers and established businesses guarantees inspiring exchanges. And community events make it easy for newcomers to integrate and benefit from the networking opportunities."

Pascal Bérard
Co-Founder and CEO
Animatico

Technopark Zurich is Switzerland's leading business location for innovative technology companies and also a lively event centre. Start-up companies will find a range of spaces from offices floor areas of 20 m² up to large units measuring 500 m². These spaces can be adapted to current requirements year after year without changing the business address. The people based at Technopark Zurich benefit from meeting rooms provided free of charge, parking in the underground garage, housekeeping services and an in-house restaurant with catering facilities.

A LEVEL PLAYING FIELD FOR GREAT MINDS

Just as necessary as a quiet, well-equipped workplace are the opportunities for exchanges and encounters with like-minded people. Whether at networking events, company events or simply doing sports activities together, the cherished campus atmosphere at Technopark Zurich helps everyone meet as equals.

IN DEMAND BY LIKE-MINDED PEOPLE

GREAT FOR ANY EVENT

"Technopark Zurich is the perfect event location for us. Centrally located, it has large areas for joint activities combined with smaller break-out rooms that are ideal for our needs. In addition, HackZurich has relied on the professional services offered at Technopark Zurich since 2016 and we are very grateful for an ongoing cooperation."

Jonathan Isenring
Co-Founder and Managing Director
HackZurich and Digital Festival

GASTRONOMY, CULTURE AND BUSINESS UNDER ONE ROOF

150,000
GUESTS EACH YEAR

Fifteen rooms are available to event organizers at Technopark Zurich. Whether for a confidential chat, seminar for 25 employees, annual general meeting, multimedia show or festive award ceremony, Technopark Zurich has the perfect solution. Needless to say, all rooms are equipped with modern technology.

EVERYTHING CATERED FOR

As an event location in the Zurich area, Technopark Zurich is unrivalled in flexibility, as loyal customers will testify. The auditorium can be used for congresses, meetings, trade fairs and other events with 120-500 participants. It has a well-equipped control room and two booths for simultaneous translations. In addition, there is over 500 m² of exhibition space. The restaurant caters for the well-being of everyone, with daily changing set meals, a salad and appetizer buffet, seasonal specials and barista-quality coffee. Event organizers and companies based at Technopark Zurich enjoy the restaurant's customised catering service – whether for a stand-up lunch, aperitif or an informal celebration. Virtually anything is possible.

KNOWLEDGE AND TECHNOLOGY TRANSFER

IDEAS ACCELERATOR

Technopark Zurich sees itself as a pioneer and driver of innovation – working with numerous strategic cooperation partners to implement knowledge and technology transfer and to promote start-ups. Its main focus is the networking of skills and the creation of added value for the companies at Technopark Zurich.

Embedded in the Swiss start-up ecosystem and an alliance of several Technoparks in Switzerland and Liechtenstein whose communities enjoy high visibility, Technopark Zurich offers resident businesses a broad range of dedicated support services:

- Validation of the business strategy by a panel of experts
- Networking events and workshops
- Bridging loans for liquidity bottlenecks
- Good connections with ETH Zurich and other academic and research institutions
- Consulting and service companies with specific service portfolios for start-ups
- Rent reductions for start-ups
- Perks from partner companies

In addition to flexibly scalable office space for start-up businesses, tenant companies benefit from a versatile infrastructure:

- Workshops for prototype assembly
- Seminar and conference rooms with food and beverage services
- Four meeting rooms (two hours a day free of charge)
- Two glass boxes for short meetings
- The Room – a stylish space for brainstorming and informal exchanges
- Relaxation and breastfeeding room
- Restaurant and in-house catering facilities

TENANT MIX

An indispensable unique selling point of Technopark Zurich is its selection of resident businesses. The mix of start-ups, established companies, research institutions and service providers, which are important sources of know-how for young companies, has a stimulating effect. Thanks to high demand, the Technopark Zurich Foundation can select start-ups with great technological promise. The focus is on the following clusters:

- Artificial Intelligence and Data Science
- Medical Technology and Smart Health
- Clean Technology and Smart Energy

SERENDIPITY IS EVERYWHERE

A NETWORKING CULTURE

As part of its strategic innovation promotion, the Technopark Zurich Foundation supports entrepreneurs and their start-ups searching for potential partners, customers, investors and venture capitalists. In doing so, it works with business angels and has access to sources that provide financial support to young companies and spin-offs. Events at Technopark Zurich offer networking platforms for start-ups, SMEs and established players, bridging the gaps between the different levels of the value chain.

"It was incredibly helpful for us to discuss our strategic challenges with so many experts face-to-face, gaining valuable impetus for the development of our start-up."

Mathew Chittazhathu
Co-Founder and CEO
Adresta
